Campers will be working on promoting their social interactions, cooperation, and communication. Specifically, campers will play games where they will have to take turns.

Campers will have activities tailored to engage their senses and ignite their curiosity. These activities will include campers making terrariums and making a tropical fruit salad with fruits that they enjoy.

Campers will dive into creative projects allowing them to express themselves freely and enjoy the artistic process. Art projects will include making paper plate frogs, building a T-Rex, creating a paper plate tiger, and making a cut-and-paste bear.

Welcome to Week 3. Our theme for the week is Jungle Safari!

Get ready! Campers will embark on a thrilling adventure through the jungle to explore the wild; it will be full of engaging, sensory-friendly activities that promote learning, creativity, and fun!

Parents, please pack an extra change of clothes for campers, 2-3 bottles of water, and 3 snacks.

Waterplay is every week on Wednesday.
