Get ready for an unforgettable week of sensory exploration! We will dive into the symphony of the 5 senses by unleashing our creativity in exciting new ways-- exploring the sights, sounds, tastes, smells, and textures that make our world so vibrant, discovering how to harness these sensations to improve our communication, empathy, and connection with others. This week promises to be a journey of discovery that you won't want to miss!

Campers get ready for a mouth-watering adventure! We're all set to kick off an unforgettable week of food exploration. Brace yourselves for some edible sensory bags, Kool-Aid slushes, dirt cups, and a scrumptious no-bake dessert that will blow your taste buds away! You won't want to miss a single bite of this delicious journey. Let's dig in!

We're in for a wild and wacky craft week! We're diving into the world of marble paper with shaving cream, making fluffy cotton ball sheep, and dyed cotton ball ice cream cones! It's going to be a messy, marvelous time exploring our creativity and making stunning paper creations. So grab your goggles and roll up your sleeves - we're about to get artistic in the most unexpected way!

Welcome to Week 4. Our theme for the week is Symphony of the 5 Senses!

Get ready for a week of sensory exploration! From tasting new flavors to feeling different textures, we'll use all five of our senses to discover the world around us. Hear the sounds of nature, see the vibrant colors, smell the sweet aromas, taste from around the world, and touch unique textures. Join us for a week of fun and adventure as we create a symphony of our senses!

Parents, please pack an extra change of clothes for campers, 2-3 bottles of water, and 3 snacks.

Waterplay is every week on Wednesday.
